Driven Deliveries

SOFTWARE ENGINEER/ SENIOR SOFTWARE ENGINEER

Los Angeles, CA

2021 - 2023

- Implemented a driver tracking system monitoring 100+ drivers daily in Southern, Central, and Northern California
- Created a cloud based media library to share multimedia content across the company
- Led development for a dynamic routing system that leverages vehicle routing algorithms with safe and transactional overrides

Typescript | NodeJS | React | React Native | MongoDB | Github Actions | AWS Elastic Beanstalk CI/CD

True Homes

PLATFORM ENGINEER

Charlotte, NC

2023 - Present

- Designed a strangler-fig migration pattern to upgrade a large web forms project to modern Blazor
- Facilitated a migration from TFS to Git, including the creation of a Git tool to manage multiple repositories across the company
- Introduced a new document builder tool, eliminating the need for manual document creation
- Reduced the page load time for a high-traffic tool by 86%, saving relevant employees 50+ hours per year
- Optimized the pdf build and aggregation process, reducing generation times by 58%

Projects & Associations

Brother 2 Brother

CO-FOUNDER

- Clemson University's chapter of the Student African-American Brotherhood (SAAB)
- SAAB is an inclusive organization dedicated to ensuring men of color have the support needed to excel academically, socially, and professionally
- Board member responsible for planning and executing events, managing finances, and organizing campus outreach

Debug and Deploy Tool

CREATOR

- Tool that allows you to build, deploy, and debug applications via FTP with one command
- Enables basic commands to be sent wirelessly via Unix/Windows CLI, VSCode, or MacBook Touch Bar (ex. screen on, restart, copy files)

Skills

Languages

Typescript/Javascript | C# | Python | HTML/CSS (Tailwind, SASS)

Tech Stack

Node | .NET (Core/Blazor) | SQL (MS SQL, Oracle DB) | MongoDB | Redis

Tooling & CI/CD

Docker | Nix | Github Actions | AWS Elastic Beanstalk | Azure DevOps Pipelines

Personal Interests

Tennis | Live Music | Arsenal FC
